## **INTRODUCTION**

Instilling a proud tradition of competition and friendly rivalry, the ResChallenge Sports Program exists to encourage positive interaction between residential colleges of the University of Newcastle. The ResChallenge Sports Program will commence in early March and formally conclude with the Student Living Awards dinner in November. Newcastle University Sport (NUsport) will coordinate the overall logistics of the ResChallenge Sports Program with the assistance of Student Living and the Associations for each residence.

Each residence will be provided with the opportunity to participate in a variety of sporting championships. At the conclusion of the year, the residence gaining the highest aggregate of points in the Championship events will be the ResChallenge Sports Champion, and will have their name inscribed on the ResChallenge Sports Shield. If two residences gain the same highest aggregate points, the residence with the greatest number of championships won during the ResChallenge Sports Program will be determined the overall winner. If residences are still equal, the winner will be determined by the number of second places and so-on until a winner can be named.

Associations found using the fields without a booking may be invoiced a usage or damage fee, and be unable to make future bookings on sporting spaces.

## REGISTRATIONS

All ResChallenge participants are now required to register individually into their residence via the ResChallenge Registration Form. [REGISTER HERE](#)

All players **MUST** be registered into their residence before participation. Failure to do so will mean they are unable to participate. Players must sign on weekly for their team.

## AWARDS

At the conclusion of the year, the residence gaining the highest aggregate of points in the Championship events will be the ResChallenge Sports Champion for that year, and will have its name inscribed on the *ResChallenge Sports Shield*. This award will be presented at the Student Living Awards Dinner in early November.

Also presented at this dinner will be the *Spirit of Sports Award*, which is given to the residence who is judged to have shown the most positive and supportive behaviour throughout the ResChallenge Sports Program.

## SPORTS SHIELD EVENTS

Each residence will be provided with the opportunity to participate in a variety of sporting championships. At the conclusion of the year, the residence gaining the highest aggregate of points in the Championship events will be the ResChallenge Sports Champion, and will have their name inscribed on the ResChallenge Sports Shield. If two residences gain the same highest aggregate points, the residence with the greatest number of championships won during the ResChallenge Sports Program will be determined the overall winner. If residences are still equal, the winner will be determined by the number of second places and so-on until a winner can be named. Each competition will have its own format for determining positions and point scores. This is outlined in the following pages.

## Sport Specific Rules

Note each sport in the ResChallenge Program will follow the rules of the governing body of that sport in Australia, except where NUsport is required to adapt or include local rules to better suit the program or competition. In such cases, any local rule changes will be communicated to the associations (via their representative) and Student Living prior to the commencement of that competition.

## INCLEMENT WEATHER

In cases where competitions cannot commence due to inclement weather, including rain, hail, storms, or extreme heat, etc., NUsport will endeavour to move the event to an alternate date where possible. This may include rearranging the competition structure to suit timeframes, venue availability, etc. The postponement or cancellation of a competition will be determined by NUsport at the soonest possible time and communicated to Student Living and the resident association representatives. In the event of a single match or game being impacted by inclement weather, if rescheduling is not possible, the game will be considered a 0-0 draw.
